JOURNAL OF
SOFTWARE
MAINTENANCE
AND EVOLUTION
RESEARCH AND PRACTICE

CONTENTS

Volume 13 Number 1 **January–February 2001**

Announcement 1

Types of software evolution and software maintenance
N. Chapin, J. E. Hale, K. Md. Khan, J. F. Ramil and W.-G. Tan 3

A concept-oriented belief revision approach to domain knowledge recovery from source code
Y. Li, H. Yang and W. Chu 31

An approach for extracting code fragments that implement functionality from source programs
H. B. K. Tan and J. T. Kow 53

Volume 13 Number 2 **March–April 2001**

Mantool: a Tool for Supporting the Software Maintenance Process
M. Polo, M. Piattini and F. Ruiz 77

Case study: a maintenance practice used with real-time telecommunications software
M. Popović, B. Atlagić and V. Kovačević 97

A case study in repeated maintenance
S. Wang, S. R. Schach and G. Z. Heller 127

BOOK REVIEW
Software maintenance: concepts and practice by A. D. Takang and P. A. Grubb
Reviewed by C. B. Seaman. 143

Volume 13 Number 3 **May–June 2001**

Evaluation of a scenario-based reading technique for analysing process components
M. Tortorella and G. Visaggio 149

Modelling fault-proneness statistically over a sequence of releases: a case study
M. C. Ohlsson, A. A. Andrews and C. Wohlin 167

Interview with Girish Parikh
G. Parikh and N. Chapin 201

Volume 13 Number 4 July–August 2001

Function point analysis using design specifications based on the Unified Modelling Language
T. Uemura, S. Kusumoto and K. Inoue. 223

A model of factors affecting an information system's change in state
R. E. Pereira 245

Computing ripple effect for software maintenance
S. Black 263

Volume 13 Number 5 September–October 2001

Ageing of a data intensive legacy system: symptoms and remedies
G. Visaggio. 281

Inference of object-oriented design patterns
P. Tonella and G. Antoniol 309

An improved method of selecting regression tests for C++ programs
Y. K. Jang, M. Munro and Y. R. Kwon 331

Volume 13 Number 6 November–December 2001

Special Issue:
Large Packaged Application Software Maintenance

Large packaged application software maintenance: a research framework
G. G. Gable, T. Chan and W.-G. Tan 351

Emergent maintenance of ERP: new roles and relationships
S. G. Hirt and E. B. Swanson 373

Characteristics of ERP software maintenance: a multiple case study
F. Fui-Hoon Nah, S. Faja and T. Cata 399

The maintenance implications of the customisation of ERP software
B. Light 415

A decision framework for enterprise resource planning maintenance and upgrade: a client perspective
C. See Pui Ng 431

Policy analysis for warranty, maintenance, and upgrade of software systems
I. Sahin and F. M. Zahedi 469
